## CITY COUNCIL PROGRAM.

Councilman McKinney's Resolution May Come Up for Action.

Under his notice given a week ago, Councilman J. W. McKinney is due at tonight's session of the city council with a resolution which provides for the establishment of a special committee, consisting of five to be known as the liquor committee, to take the place of the present license committee. The motive remains to be seen. It is doubtful if the council will pass the resolution.

The new plan of Councilman McKinney is in line with the demands of the Boy's Arch, the saloon men's organization. At a caucus held Thursday afternoon in the mayor's office it was understood that a scheme was developed whereby the liquor ordinance will be amended to provide that drug stores and rooming houses will be barred from selling liquor unless they pay into the city treasury the retail liquor license of \$1,500 a year. The saloonmen figure that this will shut out considerable competition.

Aside from the saloon matter the business of the council will be confined to routine matters. The police committee will probably submit a written recommendation that the police chief's appointment of Hugh N. Jenkins as negro patrolman to succeed P. E. Howell, resigned be confirmed, in which event the appointment undoubtedly will be confirmed. The proposed new vehicle ordinance will come up also for consideration.

## LODGE CALLED TO TIME.

Insurance Commissioner Done Advises Withdrawal of Circular.

A circular sent out by a local fraternal insurance association, intimating that fraternal insurance is safer than the old law, reached the office of the Utah state insurance commissioner Saturday afternoon. The commissioner, in consequence, has addressed a letter to the president of that association, advising withdrawal of that circular. Mr. Done says:

"It has been aware all the time of the nature of this association and have consulted a number of times with the attorney general of the state regarding such organizations. We have concluded that they are not under our law at all; and that any citizen of Utah who chooses such an association to carry his insurance is entirely outside the law and not entitled to its protection. In the event of loss he is entirely at the mercy of the manager and members of the association and may not secure any assistance whatever from the courts of our state in recovering indemnity. In short, he is practically carrying his own insurance, at the same time that he is paying money to the association in the thought that they are insuring him."

"I do not say that these people would refuse to pay in case of loss, but I simply say that they could refuse if they so desired, and you would have absolutely no recourse. It is a very unsatisfactory form of protection, and its weakness is so pronounced that the small savings of money effected is not compensated for by the loss of a special committee, consisting of five to be known as the liquor committee, to take the place of the present license committee. The motive remains to be seen. It is doubtful if the council will pass the resolution."

## FIVE DOLLARS FOR SPRINT.

C. M. Sweet speeded along Ninth East Street yesterday, his adversary being W. V. Griffin, driver of the police greyhound. There is no sign or other warning, however, that the greyhound is a police car. This by design, Sweet was speeding along and passed Griffin, who was progressing at the maximum rate allowed by law, as shown by his speedometer. However, Sweet passed him up and Griffin let out a notch or two and passed him. Again Sweet passed. In police court this afternoon he was assessed \$5 by Judge Whitaker, who explained that the usual fine was \$25, but owing to mitigating circumstances he would be allowed to go on the smaller forfeiture.
